HAPPENINGS IN EAST SIDE CITIES AND TOWNS

MUTE BESTS HIGHWAYMEN ALTHOUGH BADLY INJURED.

Two Unidentified Men Attempt to Rob C. E. Furderburk, a Steel Works Employe.

C. E. Furderburk, a mute, employed at the Republic Iron and Steel Works as a "roller," was assaulted at Collinsville and Illinois avenues, East St. Louis, last evening, by two men, who tried to rob him. Although he was badly beaten with brass knuckles, he saved his money and jewelry.

Furderburk lives at No. 714 North Sixth street, East St. Louis. He started downtown last evening to make some purclinses. He had \$100 in his cicthes and wore a gold watch and a diamond ring. On Illinois avenue near Collinsville avenue he was approached from the rear by two highwaymen, who grasped his arms. two highwaymen, who grasped his arms, the realized that an attempt was being made to rob him and whirled around, breaking their grasp. As he did so, one of the men struck him over the left eye. Furderburk struck at him and the other man struck him on the point of the Jaw. Furderburk was stunned by the blow, which broke his jaw bone. He quickly grose and swung right and left at the men. One of the hardwaymen was teiled, but One of the harhwaymen was telled, but the other succeeded in landing another blow on Furderburk's face. By this time several persons were at-

reacted by the scaffe, and the fighwaymen fled.

Furderburk was stunned, and his face
was lacerated and bleeting. He quickly
made the crowd understand that he was
a mute, and that the men had tried to
hold him up. Several were in pursuit of
the highwaymen, while others helped
Furderburk to the office of Doct. H. G.
Hertel, who dressed his wounds.

Furderburk then told his story to Sergeant Pandy Ryan, who detailed several
polleamen on the case. Furderburk said
that it was dark where the assault occurred and he was taken so much by surprise that he could not sive a description of the men who assaulted him, and
he did not believe he could identify them
if they were arrested.

CHILDREN CAUGHT IN STORM. Eddie and Annie Cronin Bave Nar-

row Escapes From Drowning. Eddie and Annie Cronin, 16 and 12 years old, respectively, children of a houseboat fisherman at Pittsburg Dike, East St. Louis, were caught on the river by the storm last evening, and it was thought for awhile they would be drowned be-

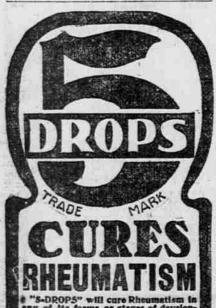

for awhile they would be drowned before they got to the shore.

The children run the lines which are
set several times a day for fish. Yesterday they started out just before dusk and
were almost through running the lines
when the storm came up.

The boy and girl had a pair of cars, and
started for the shore. Big waves
splushed into the little boat, making it
necessary for the girl to stop rowing and
ball water out of the boat, while her
brother bent to the cars.

her way to St. Louis to make some purchases. As the horse reached the top of
the viaduct a locomotive passed beneath
it, and the animal became frightened Mrs.
Fishbein was unable to control the horse,
and it dashed down the viaduct.
At the turn, the wagon capsized, Mrs.
Fishbein fell beneath it. The accident was
witnessed by several persons, who hurried to the woman's assistance.

STATEMENT OF BANK AVERAGES.

Both Loans and Deposits Show a Substantial Decrease.

New York, Sept. 26.—The statement of averages of the Clearing-house banks of this city for the week shows:

Loans, \$917.047.700; decrease, \$5.008.100.

Deposits, \$901.345.300; decrease, \$3.137.100.

Circulation, \$45.688.500; increase, \$319.600.

Legal tenders, \$71,819,800; increase, \$367,-500.

Specie. \$168.685,500; decrease, \$1,006,100. Reserve, \$239,905,600; decrease, \$538,600. Reserve required, \$225,,336,300; decrease, \$2,683,725.

Reserve required, 225,336,300; decrease, 2,083,725.

Surplus, \$14,569,300; increase, \$1,395,675.

Ex. United States deposits, \$24,302,500; increase, \$1,789,092.

The Financier this week says:
One notable feature of the official statement of the New York Associated Banks last week was the reduction of \$5,008,100 in loans, making the decrease in this item for the fortnight \$5,530,000. This was largely the result of liquidation consequent upon the decline in the stock market, though, as noted in the previous week, the reduction in loans then was principally caused by operations incident to the pending merger of the National Bank of Commerce and of the Western National Bank of the United States.

The cash reserve last week decreased \$38,600 net, which amount is considerably in excess of that estimated upon the basis of the traceable movements of money, this estimate indicating a gain of \$111,000. The loss of cash was chiefly caused by the drain of money to the South through Treasury transfers to New Orleans and direct movements to the Cotton ports, these transfers amounting for the week to \$2,000,600. The receipts by the banks from near-by points, caused principally by the return of funds which had been withdrawn for the Labor Day holiday use, serve against all deposits is \$10,000,000.

DISEASES OF THE STOMACI

Thousands of persons suffer from indigestion, weak stomach, malassimilation and kindred evils. The disease is either acute, subacute or chronic, and if not arrested speedily assumes a malignant character, impairing the entire system. Even in its mildest form indigestion causes a variety of distressing symptoms, such as Sick Headache, Billousness, Nervousness, Dizziness, Heartburn, Sleeplessness, Bad Breath, Loss of Appetite, Bloaded Stomach, Sallow Complexion and other disturbances. It should be understood that all the foregoing symptoms are not manifest in every case, but some of them are, and their presence indicates a derangement of the stomach that will constantly grow worse if neglected.

There is no remedy that equals EUPEPSIA TABLETS for curing the ills arising from a disordered stomach. It promotes the secretion of the gastric juice necessary to perfect digestion, gives strength and tone to the digestive creans.

For more than fifteen years I have been a sufferer from Dyspessia and Heartburn and I have tried everythine, but all falled until I tried EUPEPSIA TABLETS. Now I feel like a new woman, and I thank you for this great relief. I will advise all my friends who are in need of a sure cure to try your EUPEPSIA TABLETS.

A Case of Two Years' Standing Cured.

I have suffered two years from a bad case of dyspepsia, and after trying all known remedies I was finally forced to go to the bospital. Even then I received no benefit until one day a doctor in attendance gave me EUPEPSIA TABLETS, and I was cured immediately. I stand ready to go before any notary and make affidiavit that one box of EUPEPSIA TABLETS cured me. I consider this the greatest remody ever offered to the public.

the movement to the grain sections was quite small, reflecting the tardy distribution of these crops.

The deposits decrensed \$8.137,160, which sum is greater by \$2,290,000 than that called for by the reduction in loans and the loss of cash. Therefore, the statement is technically out of proportion. The required reserve was reduced \$2,044,275 through the decrease in deposits, and deducting therefrom the net loss of cash leaves \$1,395,675 as the increase in surplus reserve, which now is \$14,569,300, Calculated upon the basis of deposits, less those of \$23,302,500 as and, moreover, through the opertion of relief measures which have been making \$1,815,100 since September 12, inclusive, Loans are in excess of deposits by \$15,702,300, the largest since June 11. The daily average of clearings during the week was \$176,000,000, against \$170,000,000 in the previous week. Comparison of these institutions indicate a regreater; then, however, there was a con-

nearly offset the shipments to other parts of the country, and it is noteworthy that the movement to the grain sections was quite small, reflecting the tardy distribution of these crops.
